Deliberative – draft – not to be released outside the Agency

I was not sure if I wanted to include our conference call on the HS. Maybe best to have this separate? What do you think. I wrote a draft below, very general

EPA Region 3 Drinking Water Branch and EPA Water Security staff held a conference call January 31 with representatives from the West Virginia Department of Health and Human Resources and representatives of the West Virginia American Water Co and American Water corporate to discuss water treatment, disinfection byproducts, sampling and monitoring of the water treatment plant affected by the Freedom chemical spill.
